April Birthdays

In astrology, those born between April 1–19 are Rams of Aries. As the first sign of the zodiac, Arians charge out of the gate with energy, confidence, power, and zeal. As pioneers, Arians are unafraid of the unknown. As eternal optimists, no odds are ever considered insurmountable. Those born between April 20–30 are Bulls of Taurus. Bulls show a steady persistence in endeavors both professional and personal, and after working hard, are not shy about rewarding themselves for a job well done.
