September Birthdays

In astrology, those born between the 1st and 22nd of September are Virginal Virgos. Virgos are industrious, efficient, and pay close attention to details, which is why they tend to get the job done right on the first try. Those born between September 23rd and 30th balance the scales of Libra. Libras seek harmony and value fairness and justice. Although they'd rather avoid conflict, they are excellent team players who are tactful and polite at soothing those embroiled in argument.
